

What should students be doing in the ISA for Economics (A and B)?

- Revisiting class notes:
 - Use the time to consolidate your notes from class and ensure there are no misconceptions in understanding and/or missing information. Ensure that key terms are revisited, and you are comfortable with the application and use of suitable diagrams to support your knowledge.

- Past exam papers:
 - The easiest place to find and navigate these are on the Edexcel website or a search might take you to revision world. Please ensure you have the right specification (Economics A or B). Here there are papers, mark schemes and examiners commentary (written solutions).

- Video explainers:
 - Tutor2u is excellent for video explainers of topics, all available on YouTube as well as the Tutor2u website. Your UpLearn account is also available to access, specifically written for the Edexcel Economics A course but with chapters which are a direct overlap for Edexcel Economics B.

What resources should they be using for Economics A and B?

- Revision guides and/or workbooks.
- Tutor2u
- UpLearn
- Seneca (Economics A)
- Expert tuition
